Hello there! We hope this update finds you in good health and enjoying some fall hunting.

We just finished our 2008 season in British Columbia for Stone Sheep, Canadian Moose, Mountain Goat, Grizzly, and for the first time, Elk. Once again the fabulous Cassiar Mountain valleys lived up to its reputation of producing some outstanding trophy animals. Our crew and hunters dealt with some tough

weather conditions in August but pulled through with great success. We took some very nice Rams with the best one being 40 inches with good bases.

The Moose hunting was easy this year, with lots of mature bulls around to pick from. We took two Moose that made the book and two others which were very close, scoring in the high 180s.

We harvested some great old Goats as well and a very large Grizzly.

We had very hot weather for the Elk hunting but Elden Benning had some good luck and he took a dandy 7 point bull which scored 360 the first day.

For more information, please contact us by email or phone. Good hunting!

Frank Simpson
